1. The following is an examiner's statement of reasons for allowance: Claims 1-27 and 34-49 are allowed over the prior art of record. Current invention claims a sensor with a cylindrical contact disposed and freely movable within an annular track of the housing. Such claimed structure is neither disclosed nor suggested by the prior art of record. Applicant's arguments (dated 12/15/03) are persuasive and therefore are incorporated into the Reasons for Allowance in its entirety. Further, examiner's comments for allowable subject matter (dated 9/19/03) are also incorporated herein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
